questions
8mins

Q1) Stem and Leaf diagram.
Draw and interpret
7 mins

Q2) Spearman's rank
7 mins

Q3) Expectation, Variance and
Probability with random
variables
10 mins

Q4) Mean and Standard
Deviation
6 mins

Q5) Product moment
correlation coefficient
and regression lines
9 mins

Q6) Probability
7 mins

Q7) Binomial Distribution
11 mins

Q8) Tree diagrams and
probability
7 mins

Q9) Probability, Probability
distributions, Expectation
8 mins
